MEDIAEVAL AND MODERN IRISH SERIES

In order to further the study of Irish literature the Department of Finance has made a special grant to provide for the re-publication of mediaeval and modern texts in a form suitable for class work and for the general reader. At the instance of the Minister for Finance an editorial committee has been formed to direct the work. The members of the committee are: Dr. E. J. Gwynn, Provost of Trinity, Miss Knott, Dr. Bergin, Dr. Best, Professor O'Toole, Mr. Delargy, Dr. Dillon.

It is hoped to supply editions of stories from the Ulster, Fenian and mythological cycles, and of what is best in Irish poetry and prose.

In the matter of editing, uniformity has not been attempted, the different editors being free to adopt the system which they prefer, subject to the approval of the committee. The price of the volumes will not be uniform, as they will vary in size, but it will be kept as low as possible.

RÉAMHRÁDH.

Tá an sgéal fileata seo ar eolas cheana ag sgoláirí na Gaedhilge ó shaothar Mhic Uí Ghráda (*Silva Gadelica* I 49-65, II 50-69) agus fós ó'n leagan Bhéarla a chuir Sigerson (*Bards of the Gael and the Gall*, pp. 154-9) ar an dá dhán is áilne d'a bhfuil ann, *Mairg thréiges cléirchecht ar cheird* agus *Is mo chen, a maiden bán !*

Baineann sé le deallramh gurbh i nUibh Fiachrach Muaidhe a céad-chumadh *Caithréim Cellaig*, áit a rabh ainm an easboig naomhtha seo i mbéalaibh na ndaoine ó'n séú aois anuas go dtí an dara haois déag nó 'na dhiaidh. Tá fhios againn ó údair an Dindshenchais (Rev. Celt. 16. 139. Gwynn, *Metr. Dindsh.* III 414, Lec. p. 492a) agus ó Leabhar Ua bhFiachrach a cuireadh i dtoll a chéile ag Giolla Íosa Mór Mac Fir Bisigh ag deire na ceathrú haoise déag (O'Donovan : *The Genealogies, Tribes and Customs of Hy Fiachrach*, p. 32. Lec. p. 163) go rabh eolas faoi leith ag a lucht comhaimsire ar sgéal Cheallaigh seachas a bhfuil ar fáil ina *Chaithréim*. Níl aon trácht ins na leaganacha atá ar eolas againn-ne ar ainmneacha áiteann mar Tulach na Fairseena, Árd na Feindeada, agus Árd na Maol, a luadhtar (*loc. cit.*) san Dindshenchas agus ag Giolla Íosa Mór.[1]

[1] Tulach na Fairscena a bhí mar ainm ar Árd na Riag (l. 846 thíos) i n-allód sul ar riagadh an ceathrar a mharbh Ceallach ann. Ar Árd na Feindeada a dúnmharbhadh é agus ar Árd na Mael atá uaigh an cheathrair, Mael Cróin, Mael Dá Lua, Mael Senaig agus Mael (nó Mac) Deoraid.

Tig linn a rádh dá réir sin go bhfuil bunad stairiúil le *Caithréim Cellaig* cé gur múnluíodh agus gur hathruíodh an sgéal ar go leór bealaigh i mbéalaibh na ndaoine sul ar cuireadh cruth liteardha air. Is cosúil gurab ionann an Ceallach seo againn-ne agus Cellán ó Fiachrach a bhfuil tagairt dó i bh*Féilire Thamhlachta* (9adh aois)[2], faoi'n chéad lá de Bhealtaine. Bhí an bharúil seo ag an gColgánach (*Acta Sanctor. Hib.* 1 Maii) agus fós ag Thomas Sirinus a chuir Laidean ar leagan Leabhair Dúna Doighre (*Acta Sanctor. Boll.* Mai I.) Acht ní abruítear focal faoi Cheallach ins na hAnnála ná fós ins na Geinealaigh. Mara mbeadh gur sgall ga geal gréine na filíochta air roimh deire na meán-aoise ní mhairfeadh a ainm beó aniú. Bronnadh buadh na síorraíochta air ag an bhfile gan ainm a chéad-chum *Caithréim Cellaig.*

Is léir nár chomhaimsirigh Guaire Aidne agus Ceallach. De réir na nAnnála fuair Eogan Bél, athair Cheallaigh, bás i lár na séú haoise[3] agus fuair Ciarán, oide Cheallaigh, bás cúig bliana na dhiaidh sin. I lár na seachtú haoise 'sea bhí Guaire ' an Einigh ' i gceannas. Fuair sé bás sa mbliain 663 (AU 662)[4]. Bhí cliú agus cáil ar an nGuaire seo sa meán-aois go mór-mhór imeasg na bhfile agus cumadh go leór sgéalta na thaobh (féach Best, *Bibliography of Irish Philology*, pp. 113-4). Ní haon iongna mar sin go geastar linn sa sgéal seo é i dteannta lena lucht comhaimsire, Bláthmac mac Aeda Sláine,

[4] Seo é a gheinealach de réir Rawl B 502, 145 g : Guaire Aidne m. Colmain m. Cobthaig m. Gabrain m. Conaill m. Eogain m. Nathi m. Fiachrach m. Echach Mugmedoin.

Marcán mac Cillíne, Nár mac Guaire agus daoine nach iad. Fuintear saol-ré Cheallaigh ⁊ saol-ré Ghuaire 'na chéile ag an údar i dtreó is nach féidir an bréag fileata aithneachtáil thar an fhírinne stairiúil.

Cé nach dtig linn a chruthú anois mar gheall ar an gcaoi athruítear an prós ó chóip go chéile gurbh é údar na ndán a dheachtuigh an *Caithréim* idir phrós agus filíocht 'sé ár mbarúil láidir gurbh é. Cumadh cuid de'n fhilíocht e.g. an dá dhán atá luaidhte againn cheana (*Mairg thréices cléirchecht ar cheird* agus *Is mo chen, a maiten ban!*) ar aon nós, sul ar cumadh an prós a ghabhann leo. Castar línte filíochta as an dá dhán seo linn sa bprós ag ll. 309 (=148 de réir ls. B), 420 (=452, 460), 423 (=464), 425 (=467), 517 (=458). Is léir go bhfuair an sgéal greim chó daingean sin ar intinn an fhile i n-éis na dánta áilne seo a bheith cumtha aige gurbh éigin dó leanacht de go dtí go rabh cruth liteardha curtha aige ar an sgéal iomlán. Níl aon aimhreas ná gur múnluíodh an t-ábhar fileata i bfuirm dáin ar dtús agus nach rabh sa bprós acht gléas chun gluaiseacht an sgéil a choinneáil ar siúl ó dhán go chéile. Déanann sé faillighe ar a innseacht dúinn ag deire an sgéil céard a thárla do Mhuireadhach mac Eoghain. An é an chaoi go rabh sé sin ráite 'na iomlán aige cheana san dán fada lena gcríochnuítear an sgéal (*Fás anocht aitreab Eogain*) agus gur leasc leis a aithinnseacht? D'éirigh leis ar chaoi iongantaigh anam agus anál a chur i gcorpán fuar na staire. Is daoine beo iad a fhir agus a mhná óga. Feicthear dhúinn go bhfuil aithne againn ortha le fada ag léigheamh fútha dúinn. Tá fuinneamh drámach sa sgéal. Bhí tuigsint ag an údar do'n

duine agus grádh aige do 'chuile fheitide na coille. Mara mbeadh a mhalairt ann acht an chomhacht a bhí aige chun an dúlradh do chur i gcéill dúinn faoi mar a chonnaic sé féin í bheadh a ainm i náirde i stair litríochta na meán-aoise. Acht go dtí go mbeidh muid a n-ann dáta cruinn a chur leis ní thig linn an áit is dual dó a thabhairt dó fiú amháin i stair litríochta na tíre seo.

Má chuirimid an *Caithréim* i coimhmheas le *Tromdámh Guaire*[5] feicfimid gur sine é ná an *Tromdámh*. Acht le h-aghaidh sin a chruthú caithfimid an leagan is sine d'a bhfuil againn de'n *Chaithréim*, sé sin le rádh, an leagan as an Lebor Brecc (B) a tharraingt chugainn. Maidir leis an leagan atá i gcló agam-sa annseo (Y féach thíos) nua-leagan a cuireadh ar an tseansgéal i rith na ceathrú haoise déag atá ann. Tá athrú déanta ag údar an nua-leagain ar an dteangain thríd síos le go mbeadh an *Caithréim* so-thuigseanach dá lucht comhaimsire. Seo é an chaoi a n-athruítear na fuirmeacha atá sa Lebor Brecc (féach *variae lectiones*, p. 33 ff. thíos). Ni tugtar acht beagán soluídí díbh annseo).

(*a*) An briathar : *ba* B > *roba* Y ; *boí* B > *do bí* Y ; *a mbátar* B > *mar do bádar* Y ; *co mbátar* B > *co rabadar* Y ; *airm i mboí* B > *airm i raibi* Y ; *cáinis* B > *do cháin* Y ; *atbert* B > *adubairt* Y ; *no comaillead* B > *do comaillead* Y ; *no bíd* B > *do bíd* Y ; l. 451 *co n-etha* B > *co n-eathair* Y ; *do ansat-som* B > *do ansadar* Y ; *do airgset* B > *do airgeadar* Y ; *ac décsin* B > *ag déchain* Y : *atbathatar* B > *do cibledar* Y etc. ; *ol* B > *ar* Y ; *olchena* B > *archena* Y.

De réir B tá an *Caithréim* níos ársa ná an *Tromdámh* i níos mó ná aon phuinnte amháin atá an-tabhachtach ar fad le haghaidh dáta a chruthú. Tá an forainm láir go teann ann fós (tá soluídí eile le fáil fiú amháin san nua-leagan ll. 506, 571, 643, 718, 720 thíos). Ní bhfuair Maud Joynt acht aon fhorainm láir amháin roimpi san *Tromdámh* ag cur an téacs i n-eagar dí. Níl *Caithréim Cellaig* ainmnighthe i liosta na gCaithréimeann atá i Lebor Laignech (*ca.* 1160) agus cé nach féidir feidhm a bhaint as seo mar chruthú ar a dháta baineann sé le deallramh nár cumadh roimh deire na dara haoise déag é.

Seo é snáithe na stairc faoi mar a n-innsítear ag an gCéitinneach é. Ní léir cioca de'n dá leagan de'n *Chaithréim* a bhí aige.

"Is i bhflaithcas Tuathail fós do ghabh Guaire mac Colmáin ccannas Connacht i ndiaidh Eoghain Béil; agus tarla an tráth soin an mac fá sine ag Eoghan 'na dhalta foghluma ag Ciarán ar tí bheith 'na mhanach. Ceallach fá hainm dó, agus bréagthar

Gidheadh ar dtigheacht amach do Cheallach, thug Ciarán a mhallacht dó, is iarrais ar Dhia bás foiréigneach da bhreith. Ar mbeith iomorro sealad mar sin dó, do thuig gurab olc do rinne míréir Chiaráin do dhéanamh. Agus téid d'fhios an naoimh Chiaráin 7 ciontuighis é féin dó, agus geallais go n-anfadh ar a thoil feadh a ré. Tug Ciarán a bheannacht dó; gidheadh adubhairt gurab bás foiréigneach do bhéaradh é. Anais Ceallach san choimhthionól ó shoin amach, go ndearnadh a gcionn aimsire easpog dhe, agus ar mbeith na easpog san tír dhó, do bhí ag déanamh rannta 7 carad do dhearbhráthair fa hóige ioná é féin, i ndóigh go roichfeadh leis ríoghacht Chonnacht do bhuain amach dhó; agus ara chlos soin do Ghuaire ollmhuighthear leis triúr (*recte* ceathrar) do mhuinntir dhílis Cheallaigh féin; gur marbhadh leó é; gonadh mar sin do fíoradh an tuar do rinne Ciarán dó, mar do thairrngir gurab bás foiréigreach do ghéabhadh Ceallach." (*Forus Feasa* III 53).

NA LÁIMHSGRÍBHINNÍ.

B. RIA., Lebor Brecc nó Lebor Mór Dúna Daighre (Hodges and Smith Collection 224) 10 ff. (= Facs. col. 272b—7). Do haithsgríobhadh an ls. seo roimh an mbliain 1411. Tá cuma níos seanda ar an leagan seo de'n *Chaithréim* ná ar cheann ar bith eile acht tá an téacs chomh truaillithe sin i n-áiteacha gur deacair ciall a bhaint as. Chuir Standish Hayes O'Grady eagar air sa *Silva Gadelica* I 49-65 agus fós leagan Béarla (*ibid.* II 50-69). Tá leagan Laidne le fáil ó láimh Thomas Sirinus i n*Ann. Sanctor. Boll.* Mai I 106-10 (ed. 1866). Thug Mac Uí Ghráda " Betha Chellaig " mar ainm ar an sgéal acht fágadh gan ainm é ins an ls. Tá sliocht as saothar Mhic Uí Gráda i gcló ag Dottin, *Manuel d'irlandais moyen*, pp. 135-51.

C. Bruxelles, Bibliothéque royale, 2324-40, 53v-59. Ní rabh sé ar mo chumas an ls. seo ó láimh Mhíchil Uí Chléirigh do sgrúdú acht innsíonn sé féin dúinn nach bhfuil innte acht cóip de B. " I mainistir na mbrathar i Cinel Feichin ro scríobh an brathair bocht Michel O Cleirigh an teeclamadh seo labhrus ar Cheallach arna teeclamadh as stair labhrus ar coccadh Connacht as in leabur da ngoirter Leabhar Dhúna Doighre, 3 October 1629." Thug Mac Uí Chléirigh " Beatha Ceallaig escoip ocus a martra " ar an sgéal. D'fhág sé tosach agus deire an sgéil amuigh ar fad agus d'athruigh sé fiú amháin na

focla amannta. Féach Rev. Celt. 16 91-4 áit a bhfuil C curtha i gcoimhmheas le saothar Mhic Uí Ghráda agus le B (Faes.) ag Kuno Meyer.

F. RIA., Liber Flavus Fergusiorum (15adh aois, *ca.* 1440) 17 (19)v°b 1. Is nua-leagan de'n *Chaithréim* é seo. Téigheann sé le Y i n-aghaidh B. Féach *Catalogue of Irish Mss. in the Royal Irish Academy*, p. 1268. " Beatha Cheallaigh " a tugtar air sa ls.

Y. Leabharlann Náisiúnta na hÉireann, Baile Átha Cliath, Philipps Collection 8214, col. 982 ff. Sliocht as YBL (Leabhar Buidhe Leacain TCD) atá san láimhsgríbhinn seo. (Féach *National Library of Ireland. Report of the Council of Trustees for* 1930-1, 16). Do haithsgríobhadh YBL *ca.* 1390. Baineann sé le deallramh gurbh é Brian Dorcha mac Seumois meic Fir Bisigh a d'aithsgríobh *Caithréim Cellaig*. Cf. YBL 170, áit a bhfuil ainm Bhriain curtha leis.

Bhaineas an leagan de *Chaithréim Cellaig* atá i gcló agam thíos as an ls. seo. Is nua-leagan a cuireadh ar an sgéal i rith na ceathrú haoise déag é. Cé gur sine Y ná B is óige leagan Y ná leagan B.

Maidir leis an ngaol atá idir na lss. seo is léir ó'n méid atá ráite thuas nach bhfuil C nea-spleách acht amháin áit a bhfuil B doléighte iniú, go mór-mhór ar imeall an leathanaigh. Is mór an gar dúinn go bhfuil cóip de B againn ó'n seachtú aois déag nuair a bhí B soléighte.

Tá baint cho dlúth sin idir F agus Y (áit nach n-abruítear focal faoi F ins na *variae lectiones* tuigtear gurab ionann léigheamh do F agus do Y) gur léir

ar an gcéad amharc gurab ionann leagan dóibh. Acht ce'n gaol atá eatorra ?

Ní féidir gur haithsgriobhadh F as Y mar coinníonn F go minic leagan bunúsach focail atá athruithe ag Y (féach *variae lectiones* thíos, ll. 45, 46, 50, 61, 66, 70, 74, 78, 79, 80, 82, 89, 111, 123, 177, 221. 243, 246, 326, 404, etc.).

Agus ní féidir acht oiread gur haithsgríobhadh Y as F óir is sine de leith-chéad bliain, nach mór, Y ná F. Ina theannta sin tá cuid de'n fhilíocht atá i Y ar iarra i F.

Fágann sin gur chin F agus Y ó'n mbunsgríbhinn chéanna (y). Bí cruth faoi leith ar y seachas B gan aon aimhreas. Féach na *variae lectiones* thíos, ll. 1, 3, 4, 6 *et passim*. Nua-leagan de'n *Chaithréim* atá i y.

Má fhéachaimid go grinn ar na malairteacha leagain a bhfuilimid ag tagairt dóibh tuigfimid go réidh nach féidir le B cineadh ó y mar coinníonn B i gcomhnuí an leagan focail is sine. Tá ll. 432-5, 588-91 thíos ar iarra i y (FY) cé go mbaineann siad leis an mbun-sgéal.

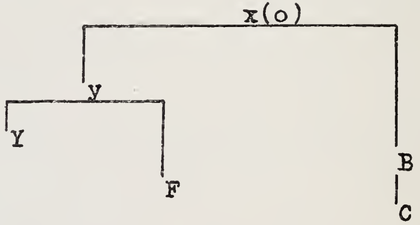
Níor chin y ó B acht oiread mar is óige B ná y (Y). Thairis sin tá ll. 919-22 ar iarra i B.

Tig linn a rádh dá réir sin gur chin y agus B ó bhunsgríbhinn áirithe a dtiubhraimid x uirthi.

An ionann x agus téacs bunaidh an *Chaithréim* ? Is deacair a bheith cinnte faoi seo. Tá deire an sgéil, an prós ba cheart a theacht roimh an dán *Fás anocht aitreab Eogain* (l. 915 thíos), ar iarra i y agus i B. Tugann sgríobhaí B an uireasa faoi deara ; deir sé nach bhfuair sé deire an sgéil roimhe san ls. (féach v.l. faoi l. 914). Am éigin i n-éis an sgéal a bheith aithsgriobhtha aige fuair sé i ls. eile (nó chum

sé as a stuaim féin) deire an sgéil agus sgríobh sé an t-alt seo síos ag bun an leathanaigh ar bhain sé leis (féach an nóta thíos ag bun p. 28). Má táimid ar aigne nach bhfuil san aguisín seo acht giota nua-cheaptha a cuireadh leis an sgéal ag an sgríobhaí féin—ar ndó níl tada ann nach bhféadfadh sé bhaint as an dán a thagas na dhiaidh—caithfimid admháil gurab ionann *x* agus an *Caithréim* bunaidh (O).

Ag seo geinealach na láimhsgríbhinní faoi mar tá sé cruthaithe agam thuas.



Ní féidir an téacs bunaidh do chruthú go fóill. Tá B ro-lochtach chuige sin. Ní chuirim róm annseo acht cóip mhaith de leagan *y* do chur ar fáil do'n léightheóir. Leanaim go dlúth de'n ls. Y. Athrú ar bith a déantar san téacs tá réaltóg le n-a chois ⁊ gach eolas faoi ins na *variae lectiones* taobh thiar sa leabhar. Cuirim isteach comharthaí séimhithe (idir crúcaí) má tá siad ar iarra san ls. Cuireadh comharthaí séimhithe le B ag duine eile seachas an sgríobhaí. Bhaineas feidhm as *h* beag bídeach ins na *variae lectiones* le go bhféadfaí na comharthaí seo aithneachtáil thar na cinn bhunaidh ó láimh sgríobhaí B. Tais-

beánann an macron go bhfuil an síneadh fada ar iarra i 'chuile chóip de'n téacs. Áit a bhfuil iodáileacha le feiceál tá giorrachán éicint ar an bhfocal faoi mar a fuaras róm san ls. é.

Bheirim mo bhuidheachas do'n Aimhirgíneach a chuir ar an eolas mé faoi phuinntí áirithe san téacs ⁊ d'Eleanor Knott a léigh fromhtha an leabhráin seo.
